

RE: ELIZABETH FISHER'S PETITION FOR  
AN AMENDMENT TO SEC. 571.209 -  
STANDARD #209, SEAT BELT ASSEMBLIES:  
85963 NHTSA-2000-7980-2

Please support this amendment  
which would require carmakers to  
install seatbelts that would fit even  
very LARGE people. If you're gonna  
require people to wear seat belts (a good  
idea!), then require carmakers to make ones  
that ALL people can wear! (an even  
better idea!!) - Thank you - DM Franz
